EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Petar Kraguljac on June 6 2005.

The application has been amended as follows:

In the claims:

Claims 27 and 32 have been cancelled.

Reasons for allowance:

The following is an examiner's statement of reasons for allowance: the prior does not teach all of the limitations of the claimed invention including:

- forming a guide break trench in said first surface within the peripheral break trench structure: and
- defining a plurality of small substrate islands in areas separating the small slots.

Accordingly, claims 20-26, 29-31 and 36 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
